The goal of the tuition assistance program is to create an economically diverse student body by assisting low income families with tuition. Tuition income is managed with great care because it covers the wages of the teaching and support staff. The Tuition Assistance Criteria ensures that a fair and equitable process is maintained. Applications are processed through a third party (FACTS) to preserve privacy and to balance the needs with our resources. The criteria for determining eligibility for Tuition Assistance is reviewed annually and is set by the Board to provide wise stewardship of tuition.

The link to apply can be found on the school's website www.eastlinnchristian.org under the "Enroll Today" drop down.

*Please note the criteria used to determine tuition assistance for the 2025-2026 school year.

Tuition Assistance Criteria 2025-2026

<i>Number of Students</i>	<i>Maximum Family Gross Income Allowed</i>
Single student	\$89,200
Two students	\$95,180
Three or more students	\$101,130
<i>Assistance Maximums</i>	<i>Overall amount/percentage</i>
Maximum amount per family	\$7,100
Maximum amount of tuition	50%
Tuition Assistance will not exceed 10% of previous year's tuition budget	Total tuition income from prior year
Tuition Assistance will not exceed 25% of student body	Projected enrollment for the upcoming school year
<i>Family Contribution</i>	<i>Percentage of gross income</i>
The family must be willing to contribute a minimum of 10% of their gross income toward their child(ren)'s tuition	10% of family gross income

NOTE: Recipients of tuition assistance are expected to maintain their tuition account and keep it in good standing (scheduled payments made in a timely fashion). Accounts not kept current are subject to review by the Board Finance Committee which could result in the loss of any remaining financial aid. This may also put your family at risk for receiving future awards.
